

Look After Your Locker

Thank you for joining our locker scheme for students.

Please Remember:

- All student lockers are the property of the school.
- Your parents/carers have chosen to rent a locker for you until the end of the summer term. If you have looked after your locker, your parents/carers will be invited to rent it for another school year.
- Lockers are for storing equipment for lessons and personal items necessary for use at school.
- Lockers are not to be used to store items which are not allowed in school rules or which are inappropriate for school or which might be unsafe.
- The school has the right to inspect your locker and will do so.
- The school assumes NO responsibility for loss or damage to any item in a locker, locked or unlocked.

Follow These Simple Rules:

- Look after your key. Your parents/carers will lose their deposit if you lose it.
- Use your locker only to store equipment for lessons and personal items necessary for school.
- Keep your locker clean and tidy.
- Keep your locker locked at all times.
- Do not share lockers or use other students' lockers.
- Students should not write in or on lockers.
- Stickers are not to be placed inside or outside.
